Message from the Chairperson

I have great pleasure in presenting the third Annual Report of the Heritage Council.

2014-15 was a year in which the Heritage Council achieved a great deal. Sixteen assessment reports were completed, and six places and two objects were added to the NT Heritage Register.

It was particularly satisfying to see permanent protection given to the three United States Navy Catalina flying boat wrecks in East Arm, Darwin Harbour. These planes were sunk at their moorings in the first Japanese attack on Darwin on 19 February 1942. The Darwin Port Corporation, INPEX, the United States Navy, and members of the local community all supported the permanent protection of the wrecks.

A highlight of the year was a 'road trip' the Heritage Council took in September 2014. The Council normally meets in Alice Springs each September, with members based in the Top End flying down and back. This time members based in Alice Springs flew to Darwin, and the whole Heritage Council travelled by road from Darwin to Alice Springs over several days.

The Council visited Pine Creek, Katherine, Newcastle Waters, Elliott, and Tennant Creek, and places in between. There was considerable interest in the Council's trip, particularly in Tennant Creek, where the Heritage Council met with local community leaders.

The low point of the year was undoubtedly the failure to permanently protect two important World War II sites located at East Arm, Darwin – the remains of the Flying Boat Base, and the Lugger Maintenance Section (also known as the 'Z Special Unit Base'). The Council felt that in the case of the Lugger Maintenance Section at least, it would have been possible to protect the historical values of the site and allow development to proceed around it.

On a personal note, this is my final year of a three year appointment as Chair of the Heritage Council, which followed three years as Chair of the preceding Heritage Advisory Council. I would like to express my sincere thanks to the staff of the Heritage Branch for their personal and professional support throughout this period. They have the, at times thankless, task of servicing the Council as well as maintaining a watching brief over heritage places and objects throughout the Territory.

DR BRIAN REID

The *Heritage Act* and the role of Council

The object of the *Heritage Act* is to provide for the conservation of the Northern Territory's cultural and natural heritage.

The *Act* is broad in its scope. It automatically protects all Aboriginal and Macassan archaeological places and objects, and has the capacity to automatically protect other classes of places.

The *Heritage Act* commenced on 1 October 2012.

The functions of the Heritage Council are set out in Section 125 of the *Act*, and are:

- (a) to assess the heritage significance of places and objects;
- (b) to recommend to the Minister the declaration of places and objects to be heritage places and objects;
- (c) to recommend to the Minister the revocation of the declaration for heritage places and objects;
- (d) to advise the Minister on the conservation, use and management of heritage places and objects;
- (e) to advise the Minister about the carrying out of work on a heritage place or object and to decide applications for work approvals other than applications for major work;
- (f) to promote, as it considers appropriate, the public use and enjoyment of heritage places and objects in a way that is consistent with the conservation of the heritage significance of the places and objects;
- (g) to facilitate public education and programs about the Territory's cultural and natural heritage;
- (h) to advise the Minister on financial incentives or concessions for heritage agreements (either in general or on particular agreements);
- (i) to advise the Minister on matters affecting the Territory's cultural and natural heritage;
- (j) to perform other functions conferred under this or another Act or as directed by the Minister.

Council Members

The *Heritage Act* provides for a Council of **eleven** members. One is the nominee of the Chief Executive of the Department of Lands, Planning and the Environment; the others are appointed by the Minister. There are nominees from four organisations.

Dr Brian Reid - Chairperson

Dr Reid has qualifications in both medicine and history. He is a member of the Professional Historians' Association, and former President of the Historical Society of the Northern Territory. He has been Chairperson of the Council since the commencement of the *Heritage Act* in October 2012.

Dr Graeme Suckling

Dr Suckling is the CEO of the Urban Development Institute of Australia (NT). He has over 30 years' experience in the public service, and in the NT his past roles have included CEO of Greening Australia and Executive Director of the Council on the Ageing NT. He has an extensive background in ecological research and natural resource management. He commenced with the Heritage Council in October 2014.

Ms Elizabeth Close

Elizabeth is the Director of the National Trust of Australia (Northern Territory), and is the National Trust's nominee on the Heritage Council. With a background in history, education and museums, she holds a Masters degree in Cultural Heritage, and is a professional member of ICOMOS. She was elected Deputy Chairperson of the Council in June 2014.

Mr Peter Madden

Peter is a Researcher/Anthropologist at the Aboriginal Areas Protection Authority in Alice Springs, and was AAPA's nominee on the Heritage Council before retiring from the Council in March 2015. Before joining AAPA, Peter worked for some years in the fields of Native Title and archaeological cultural heritage management.

Mr Allan Garraway

Allan has a background in accounting and commerce, and is the nominee of the Property Council of Australia (Northern Territory). He has a particular interest in appropriate development in the Darwin CBD.

Mr Steven Hennessy

Steven is the nominee of the Local Government Association of the Northern Territory. Steven has been in Timber Creek since 2005, and is currently Mayor of the Victoria Daly Shire. He has taken a keen interest in the conservation of the Timber Creek Police Museum.

Mr David Curtis

David is from Tennant Creek. He has held many posts in the community and local government and was an ATSI Regional Councillor for 13 years. He has an interest in early European settlement in Central Australia.

Dr Samantha Wells

Dr Wells is a historian who works for the Northern Territory Library. She has over 20 years' experience researching various aspects of Northern Territory history including colonial race relations, Aboriginal land rights and native title, and is keenly interested in preserving the heritage of the Northern Territory.

Mr Michael Owen

Michael has worked throughout the Territory and Northern Australia in Health, Aboriginal Affairs & Local Government. Today, he is a Darwin-based heritage consultant, specialising in community engagement and heritage economics.

Mr Richard Luxton

Richard Luxton is a retired builder and farmer. He is a member and past president of the Aviation Historical Society, and a member of the Development Consent Authority. He owns the World War II Coomalie Creek Airstrip, and has a keen interest in preserving the Top End's World War II heritage.

Mr Wayne Kraft

Wayne is the nominee of the Chief Executive. He lives in Alice Springs and is the owner of the Overlanders Steakhouse. A resident of the NT for over 40 years, he has also lived and worked in Tennant Creek, Darwin and Barrow Creek. He is a past Board Member (and Chairman) of the Board of the Museum and Art Gallery of the NT.

Council Members 2014/15

Meetings

Council is required under the terms of the *Heritage Act* to meet at least four times per year.

In 2014-15 Council met four times, as follows:

- 5 September 2014;
- 5 December 2014;
- 6 March 2015; and
- 5 June 2015.

Council also met 'out of session' on 18 September 2014, 10 October 2014, 24 October 2014, and 17 April 2015.

Assessment and Declaration

Nominations

The heritage listing process starts with someone nominating a place or object for heritage listing.

The Council received **six** nominations during the year, as follows:

- Old Power Station, Alice Springs
- Oil Fuel Installation, Darwin
- Glen Helen Meat House
- Group of iron buildings, Yuendumu
- Postmaster's Residence, Tennant Creek
- The Memorial to the visit of the *Kaiwo Maru*

Council accepted all of these nominations. Council also nominated the following **three** places of its own volition:

- Roper Bar Police Station;
- Raggatt's structure, near Glen Helen Resort
- Old Mt Riddock Homestead

Assessments

Once it has accepted a nomination, Council must apply the heritage assessment criteria set out in the *Act*, in order to determine whether the place is of heritage significance.

The heritage assessment criteria for a place or object are set out in section 11 of the *Heritage Act*, and are as follows:

- (a) whether it is important to the course, or pattern, of the Territory's cultural or natural history;
- (b) whether it possesses uncommon, rare or endangered aspects of the Territory's cultural or natural history.
- (c) whether it has potential to yield information that will contribute to an understanding of the Territory's cultural or natural history;
- (d) whether it is important in demonstrating the principal characteristics of a class of cultural or natural places or environments;
- (e) whether it is important in exhibiting particular aesthetic characteristics;
- (f) whether it is important in demonstrating a high degree of creative or technical achievement during a particular period;
- (g) whether it has a strong or special association with a particular community or cultural group for social, cultural or spiritual reasons, including the significance of a place to Aboriginal people as part of their continuing and developing cultural traditions;
- (h) whether it has a special association with the life or works of a person, or group of persons, of importance in the Territory's history.

WWII Defence Position, Zuccoli

The Council assessed the significance of **fifteen** places and **one** object, as follows:

- RAAF Catalina A-241
- RAAF Catalina A24-69
- RAAF Catalina A24-206
- The Shackle
- Kulaluk Lease Area
- Memorial to the visit of the *Kaiwo Maru* (object)
- Little Flower Mission and Cemetery
- Arltunga Historical Reserve
- Twin Ghost Gums
- Old Alice Springs Power Station
- Oil Fuel Installation, Darwin
- Glen Helen Meat House
- Postmaster's Residence, Tennant Creek
- Group of Iron Buildings, Yuendumu
- Old Mt Riddock Homestead
- Roper River Police Station

Declared heritage places and objects

Once Council has completed the assessment process, it has to decide whether or not the place or object is significant. If so, then the Council invites submissions as to whether the place or object should be permanently declared as a heritage place or heritage object.

After considering all the submissions made, the Council is then required to make a recommendation to the Minister. The Minister has the final decision as to whether a place or object is permanently declared as a heritage place or object.

In 2014-15, **six** places were permanently declared as heritage places, and **two** objects as heritage objects:

- John William Ogilvie Bennett Memorial (object)
- VH-CLW Heron Aircraft (object)
- WWII Defence Position, Zuccoli
- Goolam Rasool Nazar's grave, Alice Springs
- Three US Navy Catalinas, East Arm (Catalinas 4, 5 and 6)
- Old Batchelor Hospital

Refusals

On 5 August 2014, the Minister refused to permanently declare the WWII Flying Boat Base, East Arm as a heritage place; and on 7 April 2015 the Minister refused to permanently declare the WWII Luger Maintenance Section at East Arm as a heritage place.

Revocations

On 5 June 2015, the Minister decided to revoke the declaration of the Old Mount Riddock Homestead as a heritage place. The Old Homestead had previously been dismantled and reconstructed at nearby Gemtree Roadhouse, with the permission of the Minister and with the support of the (then) Heritage Advisory Council.

The State of the Register

The NT Heritage Register now has a total of **280** places and objects that have been declared as heritage places and objects since the commencement of the *Heritage Conservation Act* in 1991.

Under the transitional provisions of the new *Heritage Act*, all places and objects declared under the old *Act* have the same status under the new *Act*. A complete list of all declared places and objects as at 30 June 2015 is provided at Appendix One.

Conservation Program for Government-owned Heritage Assets

The Conservation Program for Government-owned Heritage Assets had a budget of \$698 000 in 2014-15.

The implementation of the Program is an operational matter for the Department of Lands Planning and the Environment. Council is involved when work approvals are required, and is provided with an annual update on work completed under the Program.

Policy and Strategy

The Council visited the reconstructed Old Mount Riddock Homestead as part of its 'road trip' in September 2014, and this instigated further discussion within Council about relocating buildings and structures. Council has resolved to develop a policy position on this subject.

The Museum and Art Gallery of the NT (MAGNT) became an independent entity on 1 July 2014. Council instigated a dialogue with MAGNT about its collection policy, and the overlap between Council activities and those of MAGNT. Council will continue to engage with MAGNT on matters of mutual interest.

Council took the opportunity to review the operation of the *Heritage Act* after its first two years of operation, and provided advice to Government about where the Council thought there was room for improvement. Council suggested to the Government that some significant improvement was required to the system for provisional protection.
